

FibreGuard combines the latest Stain Free Technology with high quality, stylish home furnishing fabric to ensure low maintenance, with a long lasting look & feel.

FibreGuard Pro is a FibreGuard enhanced product, which has been woven for extra protection and has been designed to meet the demanding nature of hospitality and care facility environments.

This performance textile maintains the FibreGuard promise of stain free technology, with much more. It is durable, odour, moisture and mildew resistant, making this the perfect antimicrobial fabric.
